1. The minutes of 4/20/17 were approved.
2. CWC is becoming more of a wildlife hospital as opposed to a wildlife rehabilitation center. They are financially stable at present. Friends of Cape Wildlife is setting up a wildlife hotline, also doing a training session for people who are interesting in staffing the hotline. People staffing the hotline will be able to answer questions, and be able to refer callers to the appropriate agency(s). FCW is still looking for volunteers.
3. The eider duck disease has spread to the gannet population.
4. We reviewed the PSA's, will be grouping them together and submitting to the media on a monthly basis.
5. There was some discussion that people had read that the bobcat is making a return on the Cape.
6. Next meeting 6/15/17.

Meeting adjourned at 12:33 pm.

Respectfully submitted,
Sherry Brec
