### **Public Comments**

David moved Alex seconded to approve the minutes of February 5, 2019. No discussion. All approved.

### **Old Business**

Shellfish Constable Report see attached

Commercial aquaculture grant boundary area markers were discussed. David moved to overhaul the marker bouys in both intertidal and deep water areas as necessary and to replace as needed to demarcate the corners. Alex seconded. No discussion. All approved

Surveillance camera/cameras commercial shellfish grants were discussed. We want to have surveillance cameras but there are limitations on what can be done. It is up to the commercial growers to get together and find a solution. This should not be a town project.

MSI Presentation was discussed. Lory had contacted Sarah Peake in regards to her attending a Shellfish Committee meeting. Sarah got back to Lory that she would try to work it in to her schedule. Sarah is well aware of the concerns around the proposed legislation regarding the awarding of grants and their transfer. The Committee did not feel she needed to come to a meeting as long as she understood our position about the legislation.

### **New Business**

Next meeting will be April 9, 2019 due to a conflict on April 2, 2019 with annual town meeting.

David moved to adjourn and Alex seconded. No discussion. All approved. Meeting adjourned 6 PM.
