

Attending: Celine Gandolfo, Stephen Milkewicz, and Dennis Minsky (recorder)

The following protocol for land acquisition in town was discussed:

- 1) Establish which properties we want to acquire, based on habitat value, proximity to greenways, threat of development, and balance between East and West ends of town.
- 2) Perform a solid appraisal of these properties (seek professional assistance: perhaps Lincoln Sharpless could help or advise us)
- 3) Develop an action plan
- 4) Actively promote and develop alliances (Historical, Housing, etc.), advertise, hold public meetings – all in preparation for the Spring Town Meeting.
