The school committee continued its discussion regarding the FY-10 Budget Draft. One of the possibilities of cutting was to remove two cafeteria positions; however, after consideration it was agreed to place these positions back into the budget. Kerry Adams made a motion to add back the two cafeteria positions; and if asked to make further cuts by the Finance Committee, to not make those changes and let it go to Town Hall floor at the Annual Town Meeting. Peter Grosso seconded. So voted 5-0

Meeting adjourned at 6:40 P.M.
