**Call to order:** 5:30pm

**Public comments:**  
None

**New business:**

**Proposal from Dr. Singer on new playground at PHS**

Dr Singer: We are applying for cpa funds for a new playground at the Provincetown High school. The proposed site is at the current picnic area, adjacent to the parking lot on the south side of the building. I have attached the plans, quotation, and pictures in the packets I have handed out. I am seeking the recreation commission's approval of this project.

Treg- I think it's a great idea, the more playgrounds in town the better. This one seems to have a different element than the rest, which is good.

Tim- I agree, its good for both the school and the recreation department, each will have their own playground, with the option of using each others.

Tim motions to give Dr. Singer approval from the recreation commission on the playground project.

Susan Second

Vote 3-0 in favor

**Open Space and Recreation Plan update**

Brian Carlson- The town's current open space plan will expire soon, and both open space and recreation commission need to revise some things in the plan. This plan allows the towqn to tapply for various grants such as the parc grant. This grant allows you to purchase new land or revitalize o;d open space or recreation parks. I have all given you a packet of some of the goals, which need to be updates, and the rest of the plan is available online.

Brandon – I think we need to look at this more in depth between and at our next meeting.

Brian – that is fine we have to have this plan into the state by June.

Treg- We will sit down and look at this and try to update it at our next meeting.

**Old business:**

None

**Director's report:**

**1) Update on Transition to VMES**

Brandon- As most of you have heard, the vmes has had a problem with the heating system. Now the town will be going to town meeting to ask for funds to replace the heating system. Fortunately

the town has received a grant that will offset the funds, but it still will be a costly bill.

**Assistant Director's report:**

**None-**

Meeting adjourned at 6:20pm
