Site plan of the Dog Park was discussed. There is still intention to connect with the Greenway. Fundraising for Dog Park and CASAS and other related animal causes was also discussed.

Dog Run Dog was not well attended and made no money, but Paul intends to have it again next year, ending at Dog Park. Opening of Dog Park planned for Labor Day Weekend.

Murphy asked what goals were for AWC and we realized that the plans for the Emergency Shelter in Disaster/Emergency which was one of the original goals had fallen by the wayside. Nagle will check with Carlson re: grant for generator for Recreation Center. MacDonald mentioned the many cat carriers and crates being held in basement of CASAS in reserve for use at Rec Center. Agreement among those present re: advancing the progress of Emergency Shelter.

Respectfully submitted:
