The Town of Provincetown received funding from the Executive Office of Energy and Environmental Affairs to complete a Community Resilience Building Workshop. The Town has been impacted in the past by severe weather events and like other Massachusetts communities, now finds itself facing more unpredictable weather which brings challenges and opportunities. We are working on a Municipal Vulnerability Preparedness project that will involve an 8 hour workshop which must include input from community members. **We would love for you to participate!!!**

We will provide breakfast and lunch to those who participate.
