## Residential and Business Emergency Contact Form

The Provincetown Police Department is currently updating its database for all local homes and businesses. We are most often the initial point of contact for all emergencies such as burglar/fire alarms, property damage reports, open doors/windows and burst water pipes. Local caretaker and property management contacts ensure the quickest response possible and can save thousands of dollars in potential property damage.

Complete the information below and mail, fax or return in person to the Provincetown Police Department.
