

Meeting called to order:

Members present: Roger Chauvette, Mike Peregón, Bill Meadows, Jeff Epstein

Staff present: Eric Larsen, Deputy Director of DPW, 508-487-7060, elarsen@provincetown-ma.gov

Guests present: Radu

Public Statements: Radu reported on the plans for WORLD FEST. Dates: June 7-9. Concert Monday night. Focus on Bike Safety similar to last year. Asking participation from all bike shops. Bill will check with Arnolds and Bike Shack to see if they want to participate in the free safety checks and minor repairs. Check with Orleans who have lights to donate. Purchase lights, bells, etc with Bike Committee funds.

Eric Larsen introduced himself as new liaison with the committee for the Town. He is the Deputy Director of DPW. Committee discussed with Eric the desire to add "TWO-WAY BICYCLE TRAFFIC" signs under the existing automobile "one-way" traffic signs on streets that flow onto Commercial Street. Concerns about too many signs in general and whether we could use fewer signs and place on busier intersections. Also concern whether the signs might confuse drivers of cars. Do we use vertical signs or similar horizontal signs... Eric will discuss with Rich Waldo and report back to us. He will also research sign cost and design options.

Also discussed with Eric the 300' MOORS ROAD EXTENSION OF BIKE PATH. Mass DOT is still holding up permits due to ongoing negotiation with the town over who will be maintaining roads.

Roger will send a letter to BOS requesting that the BICYCLE CORRAL AT LIBRARY will be reinstalled in the last space at the library. There were some complaints last year and general dislike of the bike rack. Committee suggests that it be moved a couple feet closer to Commercial Street to give easier access to the next parking spot.

ABANDONED BIKES- Mike will start tagging bikes.

KEY WEST TO CANADA BIKE PATH. Roger has letter from David Read about creating bike trail from Key West to Canada. David is in the Darmouth area and involved in the trail from Providence to Fall River. They want a leg to go to the tip of Cape Cod and cyclists can take the ferry to Boston.

Minutes approved for 1/23/14 4-0-0

Next meeting May 7 at 1:00 pm

Meeting adjourned at 2:28 4-0-0

Respectfully submitted by Bill Meadows
