

The Cable Advisory Commission

Minutes November 12, 2004

Present: Catherine Russo, Lou Ann Bowen, Thanassi, Richard Silver, Terry Rozo  
and PTV staff Elissa Brown

The meeting was called to order at 6:04

-Presentation by Elissa of how we could send programming to Orleans head end. It was discussed and agreed by all that we need our own channel to foster the identity of PTV. With a channel we could program whenever we wanted and have the electronic bulletin board running all day for town announcements. Richard volunteered to contact Comcast again. Other commissioners agreed to this but thought that Comcast would not respond and that we would have to hire counsel as planned.

-Lou Ann reported her conversation with Keith about separating our finances from the town budget.

-We discussed fundraising and the recent donation of equipment

Meeting was adjourned at 7:55
