The Chair presented a copy of DEP Determination for Waterways Application No. W09-2906-N, 259-263 commercial St. Members agreed with the list of Special Conditions.

Rex presented a copy of Sustainable Kayak Rack Design Plans from Safe Harbor Environmental. These racks will hold 12 kayaks and are removable for winter storage.

Rex mentioned that 296 stickers were sold this year. Some stickers were for skiffs but about 30 racks could possibly be needed for storage. We need to determine where the racks will be located and how many at each location.

Rex also reported on a meeting he attended about the recent rash of shark sightings on the Cape this summer and how to deal with them next year. The meeting was with the harbor masters on the Cape and Dr. Greg Skomal, Marine Biologist, Mass. Div. of Marine Fisheries, South Shore Office.
